To further our conversation of this morning, the selectmen would like to have a representative present to ask questions such as but not limited to; Why a pole is needed at the location, where exactly the location is and what are the alternatives to a pole such as considering an underground cable. In general they need to be briefed on what is happening and why. Thanks for your efforts and the time is set for Sept. 25th at 9:15. Please let us know who will attend.

Thank you Maryjane
